

# Freedom to Enjoy Life Again...

Bethany Village strives to retain the character of home away from home.

Set on ten acres of pristine rolling countryside, one could easily spend the day absorbing the breathtaking views. Enjoy the splendor of our garden and the comfort of the modern patio. In the winter months sit by the fireplace with family and friends and gaze at our beautiful 15 foot Christmas tree.

Our 70-bed personal care home offers families peace of mind, while providing a high quality of life for our residents. A choice of private or companion suites is available, each with a full private bath and emergency call system. Our rooms are fully furnished, and we encourage our residents to bring their own belongings. Wall-to-wall carpeting, individual heating/air conditioning units and ample closet space are standard. All utilities are included. Cable TV and telephone are optional and are an additional cost.

## See How We Pamper Our Residents...

Bethany Village has all of the features and amenities of a resort hotel. We provide professional laundry and housekeeping services, an on-site beauty/barber shop, a large recreation room with a big screen TV, and lots of outdoor space to enjoy the warm weather.

An active social life is important, and at Bethany Village our residents have every opportunity to be busy. Our Recreational Therapy Calendar includes in-house events and activities, as well as scheduled outings for lunch, concerts, country rides, and more. Supervised wellness programs round out our residents exercise routine, including Wii games and morning exercise. Live entertainment, birthday celebrations for everyone and in-house religious services are commonplace.

Three nutritious home-cooked meals are served daily, with a choice of entrees and delicious desserts and snacks. A private dining room is available for families to use for special occasions.

We can also accommodate the dietary needs of each individual, ensuring that each resident is eating properly and that they are getting the nutrition they need.

## Bethany Village Memorial Garden

Our tranquil garden offers a place for quiet reflection and fond reminiscing. With a gazebo, fountain, statues, waterfalls, benches for relaxation, and an infusion of colorful flowers and plants, our Garden is the perfect setting for peaceful remembrance

\*\*\*\*\*

The Garden is a nice way to remember someone special with your gift. Our friends, family and neighbors throughout the region are invited to participate.

\*\*\*\*\*

For more information on how you can remember a loved one in this picturesque rural setting, please call today. Bethany Village, for peace of mind and quality of life.

## Rest Easy Knowing It's Safe...

Our community was designed with safety in mind. We've included fire-rated doors, smoke detectors, insulated windows, door alarms, sprinklers, and an emergency call system. Assistance for our residents is always nearby, twenty-four hours a day. Evening and nightly room checks are standard.

## Meet Our Dedicated Staff...

Our expert staff of health care professionals provide the best specialized care for you or your loved ones. Our RN Clinical Coordinator directs our staff in meeting the needs of our residents, including medication management. You can always count on our staff helping with bathing, dressing, grooming and eating. We also offer in-house physical and occupational therapy.
